

A Mates Wish: (Ouachita Mountain Shifters, Book 0.5)

Christmastime at Lake Haven Lodge is the stuff of legends. Tucked away in a crook of the Ouachita Mountains, visitors come to relax and unwind for the holidays. What they don't know is that it's run by a clan of virile mountain cats. Handyman, Renner Blackfoot, is bored with his existence. Filling his bed with random females for his panther's pleasure isn't enough anymore. When the lodge hires an extra masseuse to help with the busy holiday season, he finds himself pulled in by her sensuality and wishing he was anything but a shifter. Because the cats have a code: No life mates. No exceptions. Break the code and you're on your own. Bethany Robertson has a secret: she knows the handyman and she wants to steer clear of him at all costs. Luckily, she's changed enough since they were kids that he has no clue she's the girl who used to comfort him when he cried at night. The girl he tormented in return. She just needs to get through the holidays without Renner recognizing her and then she'll be on her way. When her secret is revealed after a chance encounter, she wonders if maybe their history wasn't what she thought it was. And if maybe they have a future.***Contains adult language and explicit sex scenes. Intended for mature audiences only.***This is a prequel to P. Jameson's upcoming Ouachita Mountain Shifters series (Book 1 releasing in October 2015), but CAN be read as a stand-alone book.
