

British Cars in Cuba: Classic British Automobiles in Cuba (Calvendo Places)

Everybody admires the classic American automobiles contributing so much to Havana's unique charm, but nobody mentions those fascinating British cars from the 1950s surviving for more than half a century in Cuba. In Havana you even come across such rare species as the Metropolitan made by Austin for Nash in the United States and Canada. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
