Lucky Stiff tells a tale of Peter, a nerdy young man on a fascinating journey. It is a journey filled with frustration, sadness, the search for happiness, understanding, and love as he grows to maturity as a man. He just so happens to be dead. Tonia Brown has managed to pull off no mean feat by making the reader grow attached to this young undead gigolo with a romantic streak a mile wide and a non-beating heart of gold. ~ Patrick D'Orazio, author of The Dark Trilogy
