

Disaster Heroes

THE LATE FRED ROGERS, BELOVED AND GENTLE HOST OF PBS Mister Rogers Neighborhood for over 30 years, once said: When I was a boy and I would see scary things in the news, my mother would say to me, Look for the helpers. You will always find people who are helping. Helpers and heroes shine brightest in darkness. Disaster Heroes recounts the stories of ordinary men, women, and children who have done extraordinary things to help respond, rebuild, and recover from catastrophes around the world. Did you know it was an American from Pennsylvania who ultimately saved the lives of 33 Chilean miners in 2010? Or that the state of Louisiana donated a fire truck, the Spirit of Louisiana, to FDNY following 9/11, all because of a spur-of-the-moment outburst from one Louisiana man? Or that a landscaper from Florida helped save thousands of lives after the 2010 Haiti earthquake? Former journalist Suzanne Bernier, now an award-winning crisis management consultant, instructor and speaker, was first inspired to write Disaster Heroes while participating in her first New Orleans volunteer rebuilding effort following Hurricane Katrina. After hearing so many inspirational stories of help, hope, and healing, she decided to find and profile everyday heroes involved in responding to some of the worlds most significant recent disasters. These stories shine a light on everyday heroes who led and inspired others following disasters such as 9/11, Hurricane Katrina, the Chilean mine collapse, the Haiti earthquake, and the Japan tsunami. Many of these stories cross cultures, countries, and continents, highlighting the fact that there are no borders when it comes to helping others. Were all in this together. Regardless of our background, where were from, or what we do for a living, these inspiring stories remind us that theres a hero in each of us.
