

CHRISTMAS MEDITATIONS ON THE TWELVE HOLY DAYS DECEMBER 26-JANUARY 6

Christmas Meditations on the Twelve Holy Days December 26 - January 6 By Merry C. Battles is a compilation of twenty-six years of my personal dedication to the twelve holy days of Christmas. The continuation of Christmas starts on December 26 through January 6. It's very special to continue celebrating when most of the world thinks it is over. For this reason I always keep my Christmas tree up until after the sixth. The inspiration for my work came from *Mystery of the Christos* by Corinne Heline. Each day is assigned to a disciple, sign of the Zodiac, spiritual center of the physical body, attainment, and a thought meditation from the Bible. As the days progress, see the previous spiritual centers illumined, until the twelfth night when the whole body is seen in light. According to Corinne Heline during the 12 holy days the Earth is enveloped with the love and light of the Cosmic Christ. The radiant Christ makes four major contacts with the earth during the course of the year. These coincide with the equinoxes and solstices. The Archangelic Christ showers the earth with the rarest of perfumes. Every cell, atom, and molecule is infused with the love of God. This love permeates to the center of our planet and to our own Spirit. It becomes a wonderful time for soul dedication to the divine path of God. The meditations are to be read on the appropriate holy day. The reader can then explore his/her own messages. These Christmas meditations can also be used while the Earth travels through each sign of the Zodiac. For example, as we are in the sign of Aries, read the meditations for the holy day of Aries. The universal theme for that time is Behold, I make all things new. The book can also be opened any day at random to receive a message for that day. season.1997, 2005 Merry C. BattlesI find this book to be a wonderful way to honor the twelve holy days of Christmas as they conjoin with the signs of the Zodiac, so that you can focus your meditations to help you move up the spiritual path. This book brings a new metaphysical, spiritual depth to the holy season, and to each part of the body which is then linked to each sign of the Zodiac and to each disciple.DR. SITA E. CHANEY - ASTARAAUTHOR OF MEMORIES - MY PARENTS THE MYSTICS(FOREWORD INSIDE)Merry Battles shows us that when we place meaning in time and space, we activate a power that can enrich our lives. Christmas Meditations on the Twelve Holy Days brings into focus the many messages of love, transcendence and light that come from the awareness of this sacred time.CHRIS GRISCOMAUTHOR AND SPIRITUAL LEADERFOUNDER OF THE LIGHT INSTITUTE OF GALISTEOIn this book the author brings us channeled material on these special days of the Christmas season. She explains how she sat down with a lit candle, the intent to share love and enlightened messages with the world and then the words would just effortlessly flow. After reading this precious book, I can understand a lot more about the need to be quiet and listen to our still small voice inside.The book is broken up into 12 sections given to the 12 days after the celebration of Christmas, but as the author points out can be used during the months of the Zodiac, because each month, as each day has its own focus, and its own spiritual message. In one of her many prose, Merry tells us each ray of sunlight shows us the rainbow a sentiment I wholeheartedly agree with. Love shines on every page through a compilation of words, and wonderful illustrations and I was left feeling so close to God. I would recommend this book to anyone who feels the spirit of Christmas lives on and on in every day and every way. Thanks Merry.RIKI
