

Sacred Spaces: Stations on a Celtic Way

Drawing on the riches of the Celtic tradition, a look at seven traditional sacred spaces and their meaning in our own lives. There are many books that explore actual, physical, sacred space and pilgrimage sites. This is a different kind of book. It introduces seven traditional sacred spaces but then leads readers into a deeper reflection on what such sacred space means in our own lives and experience. The various sacred spaces explored are: the Celtic Cross; the infinite knot; hilltops; wells and springs; causeways and bridges; thresholds and burial grounds; and boundaries. In each chapter, the author introduces a sacred space as the main theme and then illustrates this by associating it with a particular stage of life and a particular sacramental experience. The ideas are then brought together by means of a scripture story.
