

Cases on Leadership in Adult Education (Advances in Educational Marketing, Administration, and Leadership)

Strong leadership is the cornerstone of advancement. Nowhere is this more important than the field of education, where students undergo training to effectively overcome obstacles and challenges, whether in the classroom or in the workforce. *Cases on Leadership in Adult Education* highlights real-world examples of students inspired and invigorated to higher levels of achievement in both their professional and academic lives, as well as instances of leadership gone wrong and examples of what not to do when put in charge of an organization. Featuring case studies covering a wide range of disciplines, this book is a valuable resource for instructors of adult education in universities and community colleges, practitioners in the education field, adult students of various backgrounds, and managers or leaders seeking improvement within their respective organizations. This authoritative reference source features chapters on a broad scope of education and training issues including, but not limited to, agricultural training, leadership styles, lifelong learning, management issues, poverty reduction, rehabilitation programs, trends in teaching culture, and vocational training.
